J. H. FRANKLIN,
Acting Chairman.

COUNTY CONVENTION.

There will be held, in Opera Hall, in Wa-Keeney, at 2 o'clock p. m., on Saturday, August 29, 1886, a convention to take in nomination a County Ticket, viz:

A Candidate for Representative.

A " " County Attorney.

A " " Probate Judge.

A " " Clerk of the District Court.

A " " Superintendent of Public Schools.

THE Arkansas river is up some.

JOHN A. ANDERSON was nominated, day before yesterday, by the Republican (so-called) irreconcilables at Clay Center.

WIRT WALTON, secretary of the Republican State Central Committee, has been chairman of the new Anderson central committee in the fifth congressional district. Now, we will see, presumably, by the vote on the motion to hustle Walton out, how the State Central Committee squints at fifth district affairs.

COUNTY CONVENTION.

The Seven Delegates Chosen to the Judicial District Convention.

The county judicial convention met at Opera Hall Saturday, July 24, at 2 p. m., to elect seven delegates and seven alternates to the judicial district convention at Ness City, August 3, 1886.

Hon. B. J. F. Hanna was chosen chairman, and G. C. Stebbins secretary.

The following-named gentlemen were chosen as committee on credentials: W. C. Olson, J. C. Brown, C. C. Ridgway, H. N. Rogers.

Report of committee: That the names of the delegates from the different townships, as published in the Western Kansas World of July 24, was found to be correct.

Moved and carried that the report be accepted.

The following gentlemen were chosen as committee on resolutions: Joseph Marks, T. W. Miller, W. H. Dann, G. W. Staplin.

Report of committee on resolutions: WHEREAS, Believing that in the judiciary of our state and nation, and its honest administration, depends more than in any other branch of our government the perpetuity of our grand republic, and that none but good, true and honest men should be selected to administer the same. Further, that we view with pride the upright, impartial and honest course in the few terms of court presided over in this district by our esteemed and worthy citizen, Judge S. J. Osborn.

Resolved, That our delegates to the judicial convention to be held at Ness City on August 3, 1886, are hereby instructed to use all honorable means to secure the nomination of Judge of S. J. Osborn for judge of this judicial district for the ensuing term.

Moved and carried that each township be allowed to cast its full vote.

The following-named gentlemen were chosen as delegates to the judicial district convention: John A. Nelson, S. R. Cowick, C. C. Yetter, C. C. Ridgway, David Fouts, S. R. Hogan and G. W. Tunnell. Alternates, A. H. Blair, William Willson, T. W. Miller, L. LeBron, J. C. Martin, I. L. McGarvie and H. N. Rogers.

Adjourned. G. C. STEBBINS, Secretary.

Wholesale Arrests.

About twenty as good men as can be shown in this New West were in Wa-Keeney yesterday to answer to the charge of fencing the public domain, or of not removing the fences according to the order of the interior department. The Smoky Hill cattle pool country and a lot of country to the west was included. U. S. District Attorney Perry conducted the prosecution before U. S. Commissioner Henkel. Frank Danford conducted the defense for the Smoky Hill pool, and McMillan and Monroe for the Rochester Land and Cattle Company. The defendants were bound over to the U. S. court at Leavenworth next September and put up a bond of \$500 each as a ransom for their liberty until then. Deputy U. S. Marshal Baker served the papers in these cases during the present week, and there are still more to serve.

If you ever saw a happy people, they are apt here now. The copious midsummer rains have drawn very much of the length out of their faces, so to speak.

—Bats.
—Haying.
—Swallows.
—Katydid.
—Roosting ears.
—Big sunflowers.
—Lightning bugs.
—More bountiful rains.
—Trego County Normal.
—Vegetation fairly whooping.
—Roads are somewhat muddy.
—The Normal Institute is half out.

—Mrs. Fuson has built a porch and an awning to the front of her house.
—Prof. Dinmore, of the State Normal school, Emporia, was a caller yesterday.
—County Treasurer Kelly has been able to be in his office this week—barely able.
—Captain Hanna went to Denver last Saturday night, and has not yet returned home.
—Tregola is the latest name for the town in this county, which was started as Adair.

—Mrs. J. N. Barrett is back home from Hugo, Col. A sister accompanied her hither.

—R. B. Patterson was called suddenly last week to Cozad, Neb., to nurse a sick brother.

—Captain Fouts is fencing a quarter section of his Saline valley land for a pasture.

—Wm. Willson, Esq., took a trip to Dighton this week, returning home on Thursday.

—Mr. Mullan, editor of the Democrat, Walnut City, Rush county, was a Thursday caller.

—A. C. Frick has been adding a hay-loft story to the one-story portion of his livery stable.

—Grain threshing is in progress. The wheat yield is placed at from ten to twenty bushels per acre.

—Mr. Arbuckle is building a new stable to take the place of the one which he lost by fire last week.

—Mr. W. S. Johns started, this morning, to Perry, Ill. In about a month he will be back here to stay.

—Up to 8 o'clock yesterday morning, three-fourths of an inch of rain had fallen since in the last afternoon before.

—Mr. Arnold, of Mills & Arnold, the new merchants at Collyer, has been a pleasant caller on two recent occasions.

—Prof. Lawhead, state superintendent of public instruction, was in the city yesterday until 2:12 p. m. He was looking over the Normal Institute in the forenoon.

—Judge Osborn started, Tuesday morning, to Iowa, to visit an aunt, who was quite ill. He expected to return home to-day or to-morrow.

—Rain began to fall Thursday afternoon, and continued until well into the night. It fell gently, so that perhaps none ran off the plowed land.

—The nominating convention of the 23d judicial district is to meet at Ness City on Tuesday next. A large number of Trego county people will be there.

—Isaac Irons, the genial U. P. passenger conductor, was a caller last Saturday. He was in Wa-Keeney to make final proof on his homestead claim, in Ellis county.

—Ellis item in Abilene Gazette: Married, on the 25th inst., Ed. Keeler, of Wa-Keeney, to Miss Anna Sanders, of this place. May they live long and happy, is our wish.

—The barber Keelers left town lately. They also left some creditors. Marxer & Stewart are the successors in the cutting, mowing and shaving field. They speak by the card in this World.

—We take pleasure in referring to the stock advertisement of Mr. Hixson. He seems to understand his business thoroughly, and no one will doubt that his designs are worthy of encouragement.

—Geo. Pinkham has lately fenced three quarters of a section of land in proximity to the Hunter ranch. He has the ranch leased. He has an abundance of fenced pasture for his large and increasing herd of cattle.

—Dr. E. Tilton, of Waverly, in this state, stopped over Sunday in Wa-Keeney, having arrived by Saturday evening's train. He was on the way to San Francisco, and resumed his trip by Sunday evening's train.

—Agreeable to our prediction last week, the picnic at Mapes's Grove on Friday of last week was well attended, and was a success for every standpoint. The country owes to the pioneer timber grover like Mr. Mapes a great debt of gratitude.

—Lee Monroe is justly elated over the arrival at his house, Tuesday morning, of a brand new daughter. The way her father continues to spread out in business indicates that she will find first-class entertainment right along.

—John Ronquist escorted us to Mr. Verbeck's handsome residence, the other day, to look at the painting and graining on and in the building. John did the work. With those who know him, this statement carries the proof of elegant workmanship. Without detailing the appearance of room after room, we will say that the colors are handsome, and are varied or blended, according to the necessities, to secure the happiest effect. The graining is dark in some rooms and light in others. The architecture of the house, which has already been described fully in these columns, is beautified justly by the master strokes of the brush.

—The Stark Nursery of Leavenworth, Mo., have had a genteel representative at this place during this week in the person of Mr. E. O. Minnigh. Many of our citizens have ordered largely of ornamental and fruit trees and shrubbery. In fact, the success with which Mr. Minnigh has met in his canvass for orders in this vicinity is the best of evidence that our people are determined to beautify their homes, and make Wa-Keeney a handsome city. Mr. Minnigh believes in the use of printer's ink, as will be seen by a look at the notice of these nurseries, in this issue. We bespeak for him a continuation of his success in the further canvass which he expects to make in this city and this county, as well as in other portions of northwestern Kansas.

—The Osborn, Monroe & Henkel Land Agency mean business in particular and in general. They have established a branch office at Coronado, Wichita county. They are about to send Mr. Outcall there to co-operate with Wesley Gourley in its management. This firm, like this World, have made up their minds that another year of prosperity stretches forth its arms to embrace western Kansas. Within the past fortnight, they have bought about thirty dollars' worth of government land blanks at this office. They appreciate the advantage of being equipped thoroughly for whatever they wish to do. Their energy can not be commended too highly.

—We received a pleasant call, Thursday forenoon, from George H. Webster, Esq., of Chicago. He had been out to Manitou, Cal., and left his family there to enjoy for a time the comforts of that popular resort. Mr. Webster is afflicted with rheumatism so as to make his return to business somewhat unpleasant, but he was on his way back to Chicago. He still holds his interest in the Saline valley ranch, and informed us that preparations are in progress for feeding and stabling properly the 500 head of cattle which they will take into next winter. They lost heavily in cattle last winter, but have been buying more this summer.

—About 1,400 head of female cattle will be started within a day or two from the grounds of the Smoky Hill cattle pool (deceased,) to some more favored point in western Colorado or eastern Utah. Among these are the cattle belonging to Lawrence & Hall, which have been held at their ranch, in this county. Some half a dozen members of the old Smoky Hill pool are interested in these cattle, and will participate in the drive. Mr. Evans, president of the pool, has gone ahead to select the new location.

—Mr. S. J. Collins, of Walnut City, Rush county, in company with his old friend, County Treasurer Kelly, called on Tuesday. Mr. Collins used to be a Wa-Keeneyite. He came here in February, 1878, and built the house now occupied by F. O. Ellsworth as a hardware store. He is largely interested in Rush county lands, and is interested in a bank at Walnut City.

—Mr. J. B. Hogan, agent for Close Bros. & Co., arrived home Wednesday evening from a trip of eight days through the states of Missouri, Illinois, Indiana and Ohio. He reports having done a good business for the company, but says that western Kansas is the only favored-with-rain region which he has seen lately.

If your kidneys are inactive, you will feel and look wretched, even in the most cheerful society, and melancholy on the jolliest occasions. Dr. J. H. McLean's Liver and Kidney Balm will set you right again. \$1.00 per bottle.

When you are constipated, with loss of appetite, headache, take one of Dr. J. H. McLean's Little Liver and Kidney Pills. They are pleasant to take and will cure you. 25 cents a vial.

Disease lies in ambush for the weak; a feeble constitution is ill adapted to encounter a malarious atmosphere and sudden changes of temperature, and the least robust are usually the earliest victims. Dr. J. H. McLean's Strengthening Cordial and Blood Purifier will give tone and vitality and strength to the entire body. \$1.00 a bottle.

—Mr. J. E. Alsop has been on a trip, this week, to the eastern portion of this state. He grows enthusiastic in speaking of this as the lucky end of Kansas this year. From Salina east, he says crops have suffered severely for want of rain.

Ballard's Horehound Syrup.
A single bottle of Ballard's Horehound Syrup kept about your house for immediate use will prevent serious sickness, a large doctor bill, and perhaps death, by the use of 3 or 4 doses. For curing consumption its success has been simply wonderful, and for ordinary coughs, colds, sore throat, croup, whooping cough, sore chest, hemorrhages its effects are surprising and wonderful. Every bottle guaranteed. H. J. Hille, Agent, Wa-Keeney, Kansas.

—“The Growth of Our Schools” is the subject of the lecture which Mr. George W. Combs is to deliver before the Normal Institute Thursday evening, August 5. We predict that it will be well worth hearing.

\$25.00 Reward.

The above reward will be paid for any case of rheumatism not benefited by Ballard's Snow Liniment. There is no pain it will not relieve, no swelling it will not subdue, no wound it will not heal. It is the most penetrating liniment known for all pain for man or beast. It stands without a parallel. Ladies who have back ache should never be without it. Price 50 cents. H. J. Hille, Agent, Wa-Keeney, Kansas. 5
